Net-centric Enterprise Solutions for Interoperability (NESI) Policy

20050523

SUMMARY

1. PURPOSE: To request approval for the policy letter. Original SSS attached.

2. BACKGROUND:

a) To establish AF PEO for C2 & CS policy on all system and product acquisitions. These guidelines present a technical implementation framework for use by Air Force Program Managers and contractors for building information systems enabling execution within the Network Centric Warfare (NCW) environment

b) NESI supersedes C4ISR Enterprise Directives 001, 002, 003, and 008. NESI is the AF PEO C2 & CS and Navy PEO C4I & Space collaborative effort to procure systems in accordance with the Net Ready KPP. NESI is consistent with the ASD (NII) Net-Centric Checklist.

c) NESI defines the software application development standards to be followed by Air Force Command and Control and Combat Support programs.

3. RECOMMENDATION: ESC/CC sign the attached policy letter at tab 1.
